COMPANY POLICY · FINANCE

Expense Policy

Sample / fictional content for training and screenshots only. Figures and rules here are invented for the Copilot Studio module and are not a real company policy.

Policy owner: Priya Menon, Finance Operations Lead
Effective date: 1 January 2026
Applies to: All employees and contractors submitting business expenses.

1. Approval thresholds

Every expense needs approval before reimbursement, at the level set by the claim amount:

Claim amount (per item)	Approver
Under €50	No approval needed; submit with receipt
€50 – €500	Line manager
€501 – €5,000	Department head
Over €5,000	Finance Director

Splitting a single purchase into smaller claims to stay under a threshold is not permitted.

2. What is reimbursable

- Travel and accommodation booked in line with the **Travel Policy** (see that document for mileage, per-diem, and booking rules).
- Client entertainment, within the limits in section 3.
- Professional subscriptions and training pre-approved by your line manager.

Not reimbursable: personal expenses, fines and penalties, in-room entertainment, and any spend without a valid receipt.

3. Client entertainment

- Requires **line-manager pre-approval** before the event.
- Reimbursable up to **€75 per attendee**.
- Alcohol is reimbursable **only when a client is present**.

Internal team meals and team-building meals are handled under a separate departmental budget and are **not** covered by this policy.

4. Submitting a claim

- Submit within **30 days** of the expense date.
- The monthly cut-off is the **25th**; claims submitted after the 25th are paid in the following month's run.

- Claims older than **60 days** are not reimbursed except with Finance Director sign-off.

5. Mileage and travel costs

Mileage, per-diems, flight class, and accommodation caps are governed by the **Travel Policy**, not this document. Where the two documents appear to disagree, the Travel Policy takes precedence for travel-specific rates.

6. Questions

For anything this policy does not cover, contact the policy owner (Finance Operations) rather than assuming. This document is reviewed twice a year.
